Fresh is Best

MAIZE
GRAIN

Meal Time Fresh is Best Maize Grain is grown right here in New Zealand, often near sunny Gisborne. We know that fresh is best, and we have carefully screened the grain to ensure that it is as clean as possible for your satisfaction and your animals' well-being.

Kibbled Grain is ideal for animals that have difficulty digesting Whole Grain, as the kibbling roller process allows the grains to be utilised by these animals much more effectively.
