GRAIN

Meal Time Organic Certified Maize Grain is grown right here in New Zealand, often near sunny Gisborne. Be assured that our Organic Certified Maize Grain is grown under strictly monitored conditions for a lifestyle that is sustainable and healthy. We have carefully screened the grain to ensure that it is as clean as possible for your satisfaction and your animals' well-being.

Kibbled Grain is ideal for animals that have difficulty digesting Whole Grain, as the kibbling roller process allows the grains to be utilised by these animals much more effectively.
