

PRODUCT DATA

TYPICAL ANALYSIS:

Protein: 18.5%

Approximate on an 'as fed' basis. Analysis may vary slightly due to grain variances beyond our control.

FEEDING RECOMMENDATIONS:

- Feed Organic Certified Layer MBM Pellets ad-lib from point-of-lay onwards as the hen will eat to her requirements.
- Provide ad-lib access of feed at all times. Birds will consume 130-175g of feed depending on age, breed and weight.
- Keep feed fresh and ensure feeding containers are kept clean.
- Ensure that birds have access to fresh, clean water at all times.

INGREDIENTS:

Selected from: Certified organic grain and grain by-products, organic plant proteins, animal protein, organic vegetable oils, amino acids (limited to certification parameters), organic salt, natural minerals, natural yolk pigments, vitamins and trace minerals.

CONDITIONS OF SALE:

Being used outside their control, this product is sold on the express condition that the producers have no warranty, expressed or implied and are not responsible for damage arising out of its use, whether in accordance with its directions or not.

Organic Certified
LAYER MBM
PELLETES

Meal Time Organic Certified Layer MBM Pellets contain organic cereals and proteins which are nutritionally balanced for hens from point-of-lay onwards. They are formulated as a source of energy, protein and essential vitamins & minerals for the hen's well-being and to maximize egg production.

They are intended for the free range hen and may be fed as the sole diet or in conjunction with cereal or vegetable scraps. The natural pigments of the organically grown maize and marigold petals help ensure a golden yolk.

PRODUCED WITH QUALITY ORGANIC INGREDIENTS
